Write your 250 word current event summary here. As you know, every week you will be responsible for finding a recent news article which relates to a relevant business, finance, or entrepreneurship topic (the article needs to be fairly recent and it needs to be an actual article from a news source). I would encourage you to find an article that is interesting and meaningful to you (just make sure you can relate it to something in class). If you need help finding articles, definitely make use of the “MyFinanceClass” flipboard resources (see the link on the class website) or the other suggested article resources. The paper itself must be a 250 word paragraph that (1) summarizes your article, (2) explains how it relates to class, and (3) provides your own personal reflections on the topic (some sort of meaningful reflection, not just saying “I liked it”). It must be typed in MS Word or Google Docs and attached to an email. Do not submit a current event that is just typed into an email ... it must be in a typed document and included as an attachment. Please use MLA format for the paper and cite your source (this example is typed in MLA format for your reference). Please note that no credit will be given if your current event does not meet all of these criteria.
