

Financing Sources ◀◀ FLASHBACK

We will work in 10 groups for this review – one for each section of chapters 7, 8, and 9. You may choose your own groups (2-4 people each), but we MUST have people assigned to each section (so I reserve the right to reassign people as needed). The groups we will need are:

- ◀◀ 7-1 Financing Choices
- ◀◀ 7-2 Debt Financing
- ◀◀ 7-3 Equity Financing
- ◀◀ 7-4 Stock and Bond Markets
- ◀◀ 8-1 Banks & Financial Inst.
- ◀◀ 8-2 Financial Services
- ◀◀ 8-3 International Banking
- ◀◀ 9-1 Credit Principles
- ◀◀ 9-2 Offer & Use of Credit
- ◀◀ 9-3 Collection Procedures

The purpose of this project is to conduct a comprehensive review of the three CFIN chapters on financing choices. How your group conducts the review is up to you ... but you will need to have the following three components:

PRESENTATION: Your group will present the material to the class in a 5-minute, professional, well-rehearsed presentation. You must have a POWERPOINT for your presentation. Every member of the group must speak.

REVIEW: You also must have some form of review activity. You should have at least 5 questions for the audience to review the material you presented. Be creative with how you choose to do the review.

The project is due by the end of class on Monday, April 15.

I'm looking forward to seeing what you do with this project!

Presentations will be on April 16.
