Executive Officer Positions

Every executive officer plays a vital role in guiding the direction of the chapter for an entire year. No matter which office you hold, you will make a difference. In this spirit, candidates do not run for a particular position. Instead, we follow the state and national election model: the top 6 candidates are placed into the offices that are determined to be the best fit given each person's strengths. These decisions will be made by the advisor and the outgoing executive officer team after a brief interview with each candidate. If you are not ready and willing to fulfill the role of any officer position, please do not run for office.

Expectations for all BPA Officers

BPA officers are expected to set an example for the rest of the members – with their participation, behavior, and academics.

Participation: Officers are expected to participate in all BPA activities, attend all chapter meetings, and take part in all officer meetings. Lack of participation is cause for removal from office.

Behavior: If there are problems with discipline or if you receive an ISS, you will be placed on officer probation for 2 weeks. If the problems continue you will be removed from office. If you receive an OSS, you will be immediately removed from office.

Academics: You must maintain at least a 3.0 overall GPA each quarter or you will be placed on officer probation. If your grade does not improve, you will be removed from office.

Commitment: You are expected to commit to being in the Financial Services program through the entire 2024-25 school year.

If you do not feel that you can meet ALL of these expectations, please do not run for office.

Campaign Manager

You must have a campaign manager to endorse your candidacy and support you in your run for office (required). The campaign manager can be any BPA member, including a current executive officer, but they cannot endorse more than one candidate and they cannot be running in the current election. Each campaign should prepare a flyer/poster to be displayed in the classroom for election day (ask Mr. Clark to sign off first). You are responsible for removing materials from the room after the election.

I endorse this candidate and accept the responsibilities required of a campaign manager in this election.
